Microsoft Entra ID Readiness & Roadmap

QUICK START | 4–6 WEEK TIMELINE

SKU	OFFERING TYPE	STAGE
MK-MS-ENTRAID-QS-RR	Advisory & Readiness Engagement	DISCOVER › BUILD › OPERATE › OPTIMIZE

The Microsoft Entra ID Readiness & Roadmap Quick Start is a focused advisory engagement that helps organizations assess their current identity and access management (IAM) environment and establish a practical roadmap for moving to Microsoft Entra ID. Through advisory workshops, system reviews, and expert analysis, it defines the approach, identifies migration impacts, and ensures alignment across business, technical, and compliance needs.

KEY BENEFITS

- ✓ Clarity on what it will take to migrate to Microsoft Entra ID
- ✓ Confidence in timing and investment decisions
- ✓ Alignment of business, IT, and security stakeholders
- ✓ Roadmap to inform budgeting, sequencing, and planning
- ✓ Reduced risk through gap analysis and readiness checks.

WHAT'S INCLUDED

Structured advisory phases **delivered in 4–6 weeks**, blending workshops, assessments, and roadmap creation. Using MajorKey's methodology and framework, this quick start includes:

Conduct Stakeholder Discovery Workshops	Capture business drivers, pain points, and future-state goals
Review Current-State Assessment	Review current IAM architecture, policies, integrations, and workflows
Perform Readiness & Gap Analysis	Evaluate data quality, authoritative sources, and integration maturity
Develop Conceptual Future-State Architecture	Envision Microsoft Entra ID capabilities mapped to organizational needs
Identify Migration Considerations & Risks	Highlight sequencing, dependencies, and potential blockers
Produce Strategic Roadmap & Recommended Next Steps	Prioritized actions, effort levels, and a recommended migration path

THIS PROGRAM IS PERFECT FOR

Organizations currently evaluating a transition to Microsoft Entra ID.	Enterprises needing to assess current integrations (HRIS, AD, workflows, SaaS apps).	IT leaders requiring a business-aligned roadmap for Microsoft Entra adoption.	Teams concerned about deprecation risks, support costs, and modernization

RESOURCE ROLES PROVIDED

- **Microsoft Identity Architect** – Leads technical review and future-state design
- **IAM Advisor** – Facilitates workshops, readiness analysis, and roadmap creation
- **Project Manager** – Ensures structured delivery and stakeholder coordination

DELIVERY DURATION

4-6 Weeks

Approximate; depending on customer readiness and stakeholder availability.

NOT INCLUDED

This quick start is scoped as advisory and roadmap development only. It does not include implementation services. Exclusions include (but are not limited to):

- Hands-on configuration or deployment of Microsoft Entra ID or related services.
- Migration of data, policies, or credentials to Microsoft Entra ID.
- Custom development or integration work (connectors, APIs, workflows, and scripts).
- Production environment changes or direct modifications to customer systems.
- Implementation of security controls, policies, or conditional access in live environments.
- End-user training or change management programs beyond stakeholder workshops.
- Ongoing managed services or support (available separately as Managed Services).

ABOUT MAJORKEY

MajorKey Technologies is a **Microsoft Elite Partner** with a 25+ year track record of solving complex identity challenges. With a global team of 220+ engineers, MajorKey helps organizations modernize and secure their identity programs with clarity and precision.

As one of only a handful global launch partners for multiple Microsoft Entra workloads, MajorKey brings hands-on expertise across the entire Microsoft Entra Suite of products. MajorKey holds Solution Designations for Security, Data and AI, and Digital App Innovation, along with Advanced Specializations in Identity & Access Management and Cloud Security. Our close collaboration with Microsoft product groups and sellers ensures early access to new capabilities, co-sell alignment, and solutions built for real-world enterprise needs.

MajorKey's **advisory-first approach**, refined through hundreds of IAM strategy engagements, combines discovery workshops, gap analysis, and actionable roadmaps that align technology decisions with business goals. **Recognized as a nine-time Microsoft Partner of the Year Finalist and eight-time Winner**, MajorKey delivers the scale, expertise, and trusted partnership needed for MIM-to-Microsfot Entra modernization.
