

# Microsoft Practice Services Portfolio

Empowering rapid adoption of the Microsoft Identity Security Platform.

MajorKey offers comprehensive Microsoft security services, covering everything from design to operations. Our advisory-led approach emphasizes rapid time-to-value through cutting edge innovation and automation. Here are the services we offer through our Microsoft practice.

## 1 Advisory

- Platform adoption planning
- Enterprise architecture and design
- Secure Copilot usage
- M365 Optimization (E3 & E5)
- Cost recovery mapping
- Complex problem resolution
- Microsoft product group representation

## 2 Identity

### Entra ID Governance

- Joiner, Mover, Leaver configuration, from any authoritative source to any target
- Access re-certification programs with ML assistance
- PAM/PIM for any asset

### Entra ID Access Security

- Application SSO and migration
- Conditional access policy refresh
- Passwordless authentication enablement
- Risky sign-in integration

### Entra Private Access and Internet Access

- ZTNA network configuration/VPN take out
- Extension of conditional access policies
- Apps and asset integration
- SOPs and acceptable use policy

### Entra ID CIAM

- Hyper scale population management
- Conditional access policy
- UX/UI tailoring and branding

## Security and Data

### Defender/Sentinel/Copilot

- Microsoft security system design and implementation
- E5 component deployment (Defender for Endpoint with Intune, Office, Identity)
- Defender for Cloud component deployment
- Sentinel deployment and 3rd party migration
- MSSP cost management services using Security Copilot to drive efficiency

### Purview Data Services

- Enterprise data governance program design and implementation planning
- Microsoft and Azure Purview deployment Sensitive Information Types (SITs), labeling, DLP policy, controls, management)
- Insider risk management deployment

## 3 Lifecycle Operations

- Managed Services around M365
- Integrated enhancement sprints
- On-call expert design and issue advisory
- Data management services
- Cost recovery program execution
- MSSP automation enforcement
